

MINOR ASSIGNMENT

Machine Learning Algorithms with C++ (CSE 3974)

Department of Computer Science & Information Technology
Faculty of Engineering & Technology (ITER)
Siksha 'O' Anusandhan Deemed To Be University
Bhubaneswar, Odisha - 751030

Minor Assignment

1. Here's a complete mini project "Student Performance Prediction" using Linear Regression and Data Normalization in Eigen C++.

First, normalize the data set using Standardization.

Second, train the ML model using the training data set.

Third, predict the final Exam Score (y) of the students based on:

Study Hours (x1),

Attendance (x2) and

Assignment Score (x3) given in the testing data set.

Training Data Set:

Study Hours	Attendance	Assignment Score	Exam Score
2	80	70	60
4	85	75	70
6	90	80	80
8	70	65	90
10	100	90	100

Testing Data Set:

Study Hours	Attendance	Assignment Score
11	82	95
12	89	92
13	91	98
